Dear Ms. Agrawal,

My name is Priti Doshi, and I'm an avid cyclist in Bangalore, India. While browsing online for cycling clubs, I came across IndiaTip.net. Your Web site appears to be a very comprehensive resource for travel articles and related news about India.

I would like to call your attention to an electronic guidebook I recently published. It describes all of my favourite cycling routes in Bangalore and is complete with maps, kilometre markers, and detailed descriptions about points of interest. I noticed that you have a specific page dedicated to bicycle travel in India; a mention of my guide would be an ideal addition to this page.

The book is titled *Bangalore by Bike*, and it can be purchased through www.bangalorebybike.com/AS3XK. If you could share this information with your readership, I would appreciate it.

Thank you and have a great day.

Comments:
 I use Starr Transportation often for business travel and have always been satisfied. This time, when I arrived at Franklin Airport after a long flight from Lima, Peru, the driver was nowhere to be found. The airplane had arrived at a different terminal than scheduled, but the driver should have checked the flight's arrival status well beforehand. I ended up waiting for him when I could have taken a bus.

Hi! all, I'd like your input. Jovita Wilson in sales just told me that her client, Mr. Tran, wants us to deliver his order a week early. Can we do that?

Alex Ralston [9:40 A.M.]
 If we rush, we can assemble the hardwood frames in two days. And my department needs just a day to print and cut the fabric to cover the cushion seating.

Mia Ochoa [9:42 A.M.]
 But initially you need the designs, right? My team can finish that by end of day today.

Sarah Lo [9:43 A.M.]
 OK. Then we'll be ready for the finishing steps by end of day on Wednesday. Alex, once you have the fabric, how long will it take to build the cushions, stuff them, and attach them to the frames?

Alex Ralston [9:45 A.M.]
 That will take two days—if my group can set aside regular work to do that.

Sarah Lo [9:46 A.M.]
 I can authorize that. Bill, how long will it take your department to package the order and ship it?

Bill Belmore [9:48 A.M.]
 We can complete that on Monday morning.

Sarah Lo [9:49 A.M.]
 Great. Thanks all. I'll let Jovita know so she can inform the client.

Dear Mr. Vogel:

On behalf of the Highbrook Library, I would like to offer my sincere thanks for your generous gifts. The three computers you donated from your store, along with the extra paper and ink, have helped us to better serve our users. — [1] —. We now have five computers and they are almost always in use. In addition, your monetary donation has allowed us to extend our hours. The library is now open until 8:00 P.M., Monday–Thursday, which has led to a growth in membership by permitting more people to visit when their workday is over. — [3] —. We have even had several book clubs form that meet in the evenings. Perhaps you would like to join one? — [4] —.

Next year we will be investigating the possibility of adding a small cafe on the first floor near the community meeting room. We hope you will consider contributing to this project as well, if it seems promising. You will receive more information in the future about it.

Subject:	Product Expansion

Dear Product Development Team,

As you may know from recent sales reports for Aswebo Toys, our products are enjoying great success in international markets. The response to our electronic and handcrafted wooden toys has been very favorable. We have, in fact, had several requests from a few of our principal clients to expand the number of wooden toys we currently make for children from birth to age five.

Consequently, in an effort to assess the prospects for Aswebo Toys' future growth in this area, the management team has decided that our company will, as a preliminary step, produce one new item intended for the early-childhood market. Belinobo Consulting has been hired to conduct market research on the type of toy that we will introduce. Using the results of their product study, the prototype will be refined and put on the market as soon as it is feasible to do so.

This plan presents our company with an exciting opportunity. I'm certain that we can count on your dedication and initiative.

IAIC The International Association of Industrial Chemists

The International Association of Industrial Chemists (IAIC) Newsletter submissions

The *IAIC Quarterly* will be undergoing several changes in the coming months in order to better meet the needs of our members and readers. The first of these initiatives will be to open up the newsletter to reader submissions, including personal accounts of events, opinion pieces, and photographs. This new section of the newsletter will be called *Member Views and News*. The editors believe that this is an important way to make the *IAIC Quarterly* more relevant and engaging to readers as well as more representative of the society's activity. Membership is available only to certified industrial chemists.

To this end, we are now inviting members to submit their impressions about meetings and other events taking place in their region. We are particularly interested in the views of members of our Taipei affiliate, which is our latest and 23rd chapter.

Please click here to download the submission form. All forms must be completed and sent to Robert Harper at rharper@iaic.org. In the event that your submission is selected for publication, you will receive an e-mail at the address indicated on the form. Submissions for the autumn issue are due on June 30.

Finally, we continue to make improvements to the *IAIC Quarterly*, so please visit this Web site regularly for updates. We expect to finalize a new, colorful, and more visually appealing layout of the newsletter in the next few weeks.

Dr. Liu,

Thank you for your June 18 submission to our newly created Member Views and News section of our newsletter. We were so happy to hear about the Taipei chapter's first meeting, especially the details of Dr. Mei Chu's latest research in the area of industry laboratory safety protocols in Taiwan. We were also pleased to hear that the Taipei chapter already has 28 members, and that membership is expected to double in the coming months.

I am wondering if you could edit your submission down to 300 words. This would allow enough space for three other submissions in the next issue. I would be happy to work with you on the revision. Please let me know if this will work for you.

Thank you.

Sweet Occasions

—Edith Costello

I would recommend Sweet Occasions to anyone.

I was sad that Taste of Italy closed—I had wanted them to make my wedding cake. So, I was excited when their former pastry chef opened Sweet Occasions in the Plaza Shopping Center. He made our cake, and it was perfect! Our guests kept commenting on how much they liked the cake.

When the Plaza Shopping Center opened on River Road in July of last year, Pineville City mayor Angela Portofino predicted that it would benefit the city by bringing shoppers from nearby towns to the area. Based on a 25 percent increase in the city's sales tax receipts over the last six months, Ms. Portofino appears to have been correct.

However, less frequently mentioned was the potential effect of such commercial development on the city's downtown business district, which includes a number of small, family-owned stores and

restaurants. In the past two months, three of these businesses—Quality Books, Ashley's Beauty Salon, and Taste of Italy—have either closed or announced plans to close, all citing a decline in customers since the Plaza's opening. Still, the mayor believes that the overall effects of new developments such as the Plaza are positive. "It's certainly disappointing when a beloved business like Quality Books closes," she said. "But new businesses bring new opportunities for all residents of Pineville City, including new jobs."

The Evolution of a City

191. Why most likely is Mr. Giordano closing his business?

- (A) Because he wants to retire
- (B) Because he lost business to a new shopping center
- (C) Because he cannot afford to make needed repairs
- (D) Because he plans to open a different kind of business

192. What is indicated about Mr. Ribisi's bakery?

- (A) It opened on April 23.
- (B) It was once owned by Mr. Giordano.
- (C) It made Ms. Costello's wedding cake.
- (D) It is giving away free pastries.

193. In the review, the word "kept" in paragraph 1, line 3, is closest in meaning to

- (A) held
- (B) continued
- (C) saved
- (D) gave

194. What is suggested about the Plaza Shopping Center?

- (A) It has generated a lot of income for Pineville City.
- (B) It has attracted business for local family-owned stores.
- (C) It was financed by Mayor Portofino.
- (D) It was built in downtown Pineville City.

195. According to her statement, why does Ms. Portofino have a positive view of the Plaza Shopping Center?

- (A) Because it has a good bookstore
- (B) Because it was completed ahead of schedule
- (C) Because it offers discounts on expensive products
- (D) Because it provides city residents with jobs

Dear Mr. Goodman,

I attended a recent event where you spoke about your work, and I later had the pleasure of visiting your exhibition.

I am currently working on a novel set in England, mainly London, in the 17th century, and I am seeking an illustrator for this work. My publisher, Marson and Co., is prepared to offer generous compensation and has given me the discretion to select a collaborator. I feel that you would be an ideal creative partner.

Would you consider working with me on this endeavor? Your agent informed me that you are currently in Paris. I will be there myself next week. Please feel free to contact me at finchg@libris.co.uk if you are available to meet.
